PETITION FOR REVIVAL OF AN APPLICATION FOR PATENT
ABANDONED UNINTENTIONALLY UNDER 37 CFR 1.137(b)

The above-identified application became abandoned for failure to file a timely and proper reply to a final office action mailed on January 10, 2008 by the United States Patent and Trademark Office (USPTO). The official date of abandonment is July 11, 2008 and the Notice of Abandonment was mailed by the USPTO on July 31, 2008.

OCT 14 2008

APPLICANT HEREBY PETITIONS FOR REVIVAL OF THIS APPLICATION

A grantable petition requires the following items:

- (1) The reply required to the outstanding Office action or notice, unless previously filed;
- (2) The petition fee as set forth in § 1.17(m);
- (3) A statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to this paragraph was unintentional. The Director may require additional information where there is a question whether the delay was unintentional; and
- (4) Any terminal disclaimer (and fee as set forth in § 1.20(d)) required pursuant to paragraph (d) of this section.

REQUIREMENTS

1. Reply and/or fee

[1] The reply to the above-noted Office action in the form of a Request for Continued Examination (RCE) has been filed previously on May 8th 2008 but is also filed herewith.

[2] The fee for a three month extension for the above-noted Office action is enclosed herewith.

2. Petition fee

Small entity-fee \$810.00 (37 CFR 1.17(m)). Applicant claims small entity status. See 37 CFR 1.27.

3. The entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(a) was unintentional. Applicant's attorney filed a Request for Continued Examination (RCE) in response to the final office action, mailed January 10, 2008, on May 8, 2008 but failed to submit the fee for a one month extension. On July 24, 2008, Applicant's attorney performed a status check using the Private Pair function of the USPTO's website (www.uspto.gov) on all of Applicant's files. Applicant's attorney then discovered that a Notice Requesting Extension of Time Fee had been mailed by the USPTO on May 13, 2008 but never received by Applicant or Applicant's attorney. The first time Applicant's attorney became aware of the Notice Requesting Extension of Time Fee was on July 24, 2008, which was 13 days after July 11, 2008, the date the above mentioned application officially became abandoned.

Once Applicant's attorney became aware of the Notice Requesting Extension of Time Fee that was never received, Applicant's attorney contacted the Examiner by telephone to make them aware of the situation. Applicant's attorney and the Examiner determined that a Notice of Abandonment would have to be sent and a Petition for Revival of an Application for Patent Abandoned Unavoidably/Unintentionally Under 37 CFR 1.137(a)/(b) must be prepared and submitted to the USPTO by Applicant's attorney.

Applicant's attorney filed a Petition for Revival of an Application for Patent Abandoned Unavoidably Under 37 CFR 1.137(a) on August 20, 2008. Applicant's attorney was made aware that the Petition for Revival of an Application for Patent Abandoned Unavoidably was dismissed in a Decision of Petition mailed on October 3, 2008.

Applicant and Applicant's attorney were never made aware that the one month extension fee had not been paid and thus, the RCE had not been considered. This allowed the application to unintentionally go abandoned due to the fact that Applicant's attorney was awaiting communication from the USPTO.

4. A terminal disclaimer is not required due to this utility application being filed on or after June 8, 1995.

Filed herewith are:

- [1] Fee payment for petition fee and the three month extension fee discussed herein.
- [2] Reply
- [3] The Acknowledgement Receipt from May 8, 2008 showing that the RCE was successfully and electronically filed in a time frame that only required a one month extension fee.

CONCLUSION

In the event that any outstanding issues remain that would delay the acceptance and granting of this petition, the USPTO representative handling this matter is urged to contact the undersigned to telephonically discuss such outstanding issues.

Respectfully submitted,

Bryan A. Fuller, Reg. No. 58,065

WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

New Applications Under 35 U.S.C. 111

If a new application is being filed and the application includes the necessary components for a filing date (see 37 CFR 1.53(b)-(d) and MPEP 506), a Filing Receipt (37 CFR 1.54) will be issued in due course and the date shown on this Acknowledgement Receipt will establish the filing date of the application.

National Stage of an International Application under 35 U.S.C. 371

If a timely submission to enter the national stage of an international application is compliant with the conditions of 35 U.S.C. 371 and other applicable requirements a Form PCT/DO/EO/903 indicating acceptance of the application as a national stage submission under 35 U.S.C. 371 will be issued in addition to the Filing Receipt, in due course.

New International Application Filed with the USPTO as a Receiving Office

If a new international application is being filed and the international application includes the necessary components for an international filing date (see PCT Article 11 and MPEP 1810), a Notification of the International Application Number and of the International Filing Date (Form PCT/RO/105) will be issued in due course, subject to prescriptions concerning national security, and the date shown on this Acknowledgement Receipt will establish the international filing date of the application.
